

Example phone call to a Congressmen's office:

Hello! I am calling today to ask Congressman or Congresswoman X to support a piece of legislation that matters to me called **Ally's Act or H.R. 4606**. Ally's Act would help hundreds of thousands of children be able to obtain implantable hearing devices, known as bone anchored hearing aids & cochlear implants, through private insurance coverage. These hearing devices are often denied coverage even though they are medically necessary & are the only hearing devices that can help you hear. These are not regular hearing aids!

Do you have a child with missing ears or hearing loss? What if you lose your hearing tomorrow? Imagine if you did? How would your life change? How could you work? You would want to have every opportunity to hear & be able to thrive in school, in your community & at work. Ally's Act would help with this! Ally's Act would cover these critical & life-altering devices allowing children & adults with hearing loss the opportunity to live healthy & fulfilling lives. This bill would cost only 2 cents per person/per month for private insurers to provide coverage!

I would like to ask Congressman/Congresswoman X to co-Sponsor H.R. 4606 and support the children and adults in my community.
